Live more Life

Are you responsible for the healthcare expenses of others?

Hygeia Medevac Plan

If you are responsible for the health care of others, be it your own family or staff members, you will appreciate that in the event a medical evacuation is required to help save the persons life, the emotional stress, should not be elevated by the financial stress.

With this in mind, Hygeia in partnership with Aeroworx and MSO International are proud to offer you the Hygeia Medevac Plan, for your Peace of Mind in the event local medical facilities cannot provide the appropriate medical treatment. The product is available to Nationals and residents of Nigeria.

This lifeline to critically ill or injured patients could mean the difference between Life of Death.

This plan is exclusively sold by Hygeia, Powered by Aeroworx and administered by MSO International, with clients being able to access Emergency Evacuation and Hospitalisation care in a wide variety of hospitals across Africa, Asia, UAE, UK. This plan is suitable for people who do not travel often and therefore do not need a full international private medical insurance plan but wish to have security of access to overseas treatment in the event of critical emergencies

The key elements of the plan are:

- Full evacuation and inpatient cover of US\$500,000 per event
- Bed to Bed evacuation service + accompanying family member
- Visa on arrival service in SA and UK for the beneficiary and accompanying family member where they do not have visas
- Option of Naira payment where desirable
- Automatic second opinion from MSO Global
- No Claim discount every 24 months of cover if there is no claim
